Total Orders by Billing City
by Billing City

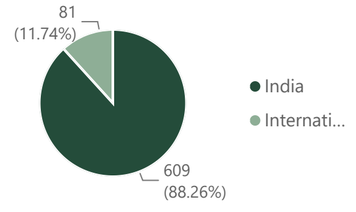

- **Top states:** Kerala leads India with ₹0.36M in revenue, more than double Maharashtra and Tamil Nadu (₹0.17M each). Telangana (₹0.16M) and Karnataka (₹0.15M) complete the top five.
- **Drop after the top five:** revenue falls sharply to ₹0.06M for Gujarat and about ₹0.04M each for Punjab, Andhra Pradesh, Delhi and Haryana.
- **Units sold:** Kerala is also first by units, at nearly 300, well ahead of Tamil Nadu, Maharashtra and Karnataka. Tamil Nadu sells more units than Maharashtra, but their revenue is almost the same.
- **City performance:** Bengaluru has the most orders (57), followed by Hyderabad (33), Thiruvananthapuram (28), Thrissur (27) and Chennai (25). Four Kerala cities are in the top 10 (Thiruvananthapuram, Thrissur, Kozhikode, Ernakulam). This explains why Kerala leads at state level even though Bengaluru is the top single city.
- **India vs International:** India accounts for 609 orders (88.26%) and international customers for 81 orders (11.74%). The business serves customers in 24 countries.
- **Billing and shipping:** 98.84% of orders (682) have matching billing and shipping cities, so billing city is a reliable measure of customer location. Only 8 orders (1.16%) differ.
- **Customer loyalty:** only 6.50% of registered customers placed repeat orders (guests excluded), which suggests room to improve retention.
